

Iman MAMMADLI - Data & Analytics Engineer

+994 55 818 94 98 | imanmemmedoglu@gmail.com | in/imanmammadli/ | imanmammadli.github.io

Professional Summary

Result-oriented Data Analyst with 3 years of experience in transforming complex data into actionable business insights. Proficient in analyzing large datasets, developing Machine Learning models, and optimizing business processes using SQL, Power BI, and Python. Experienced in software development and working with various startups, gaining exposure to agile environments, product development, and cross-functional technical projects. Capable of combining analytical expertise with technical knowledge to support data-driven decision-making and business improvements. Dedicated to advancing expertise in Data Engineering, Data Analytics, and IT Consulting.

Skills

Programming & Querying: Python, Java, SQL, Bash Scripting

Databases: PostgreSQL, SQL Server, Query Performance Tuning, Query Optimization, Stored Procedures, Database Design

Data Engineering: ETL / ELT, DWH, Data Modelling, Data Pipelines, Data Validation, Data Transformation, Data Integration, Web Scraping, SSIS, dbt, Airflow, Apache Spark, Hadoop, Kafka, Data Warehouse Concepts, Data Lake Concepts

BI & Reporting: Power BI, Microsoft Report Builder, SSRS, SSAS, DAX, Data Modeling, Tabular Models

DataOps & Infrastructure: Linux, Git, Docker, Kubernetes, CI/CD Concepts, Ansible, Azure Fundamentals

Business: Data Quality, Risk Analysis, IT Project Management, Business Strategy

Soft Skills: Analytical Thinking, Technical Documentation, Stakeholder Communication, Problem-Solving, Time Management.

Professional Experience

Xalq Insurance OJSC | Data Analyst | 2023 - Present

Leads the application of actuarial methods and statistical reporting through insurance and financial data analysis to provide data-driven solutions for strategic decision-making. Manages complex databases in **T-SQL** environments, optimizing queries and developing **Machine Learning (ML)** models using Python libraries for risk forecasting. Automates business processes by designing **Web Scraping** tools and data cleaning scripts, while creating real-time interactive dashboards and official reports on **Power BI** and **SSRS** platforms. Additionally, ensures data integrity and accessibility by monitoring **Data Quality** and implementing modern **ETL/ELT** methodologies.

Education

- **Master of Data Science** | Ondokuz Mayıs University, Turkey
 - **Bachelor of Computer Engineering** | Ondokuz Mayıs University, Turkey
 - **PostgreSQL Database Administration** | Ingress Academy
 - **IT Project Management** | Turing Academy
 - **Data & Platform Engineering** | Datacras Academy
-

Certifications

- **Microsoft Certified: Power BI Data Analyst Associate (PL-300)** | Microsoft
- **Microsoft Office Specialist: Excel Expert (Office 2019)** | Microsoft
- **Microsoft Certified: Azure Fundamentals (AZ-900)** | Microsoft
- **Microsoft Certified: Azure Data Fundamentals (DP-900)** | Microsoft
- **Data Analyst Associate** | DataCamp
- **Data Analyst in Power BI** | DataCamp
